TOWN TAXI

YELLOW CAB

Credit Card Policy

All drivers gladly accept credit & debit cards!

Our cars are all equipped with credit card swipes.

At the conclusion of your ride, the driver will swipe your card and authorize the amount of the charge. The authorization simply confirms the validity of the card and that funds are available for withdrawal. Funds are not actually withdrawn from your account until your credit card slip is turned in by the driver for processing, which can be from 1-hour to 7 days from the conclusion of your ride.

If paying by debit card, be aware that some banking institutions "freeze" the amount of the authorization for a period of 24-72 hours. If your credit card slip is turned in by the driver for processing before the authorization expires, the possibility exists that your account may overdraw if such funds are not readily available.

Should you need to pay for the ride of a 3rd party, please call our dispatch center directly @ 612-721-0000.
